XiGo Nanotools Appoints New Italian Distributor

For Immediate Release

Bethlehem, PA, USA, March 16, 2010: **XiGo Nanotools** announces the appointment Amira SRL, Canonica di Triuggio, Milan, as its authorized representative for Italy, effective immediately. **XiGo Nanotools** is a technology company that provides innovative solutions to help scientists better understand nanoparticle structure.

Xigo's European Business Manager Keith Sanderson says "**Amira** is one of many new distributors that XiGo Nanotools will appoint in Europe this year. The European market is very important for us and to have a strong presence in Italy will help XiGo gain valuable marketshare in this important Western European market."

Says Sean Race, President, "We are delighted to add **Amira** to the **XiGo** distribution team. We are excited to have such a strong team of experienced particle characterization specialists supporting our European customers. "

Please contact **Amira** at the following address for more information:
