XiGo Nanotools Appoints New Korean Distributor

For Immediate Release

Bethlehem, PA, USA, March 20, 2010: XiGo Nanotools announces the appointment Dream Corp., Suwon, as its authorized representative for Korea, effective immediately. **XiGo Nanotools** is a technology company that provides innovative solutions to help scientists better understand nanoparticle structure.

Says Sean Race, President, "We are delighted to add **Dream Corp.** to the **XiGo** distribution team. Dream Corp has a commanding market share in particle characterization in South Korea, and we are excited to have such a strong team of experienced particle characterization specialists supporting our Asian customers. "

Please contact **Dream Corp.** at the following address for more information:
